CATARRH

Sneezing Catarrh, Chronic Catarrh, Ulcerative Catarrh, permanently cured by SANFORD'S RADICAL CURE.

SANFORD'S RADICAL CURE FOR CATARRH is a safe, [illegible] permanent cure for Catarrh of every [illegible] most perfect remedy ever devised. It is purely a vegetable distillation, and is applied [illegible] and constitutionally by [illegible]. Locally applied, relief is [illegible]. It soothes, heals, and cleanses th[illegible] of every [illegible] hearing, [illegible] dizziness. Constitutionally [illegible] it renovates the blood, purifies it of [illegible] with which it is always charged in [illegible], stimulates the stomach, liver, and kidneys, [illegible], makes new blood, and permits [illegible] of sound, healthy tissue, and finally [illegible] control over the disease. The [illegible] curative powers, when all other remedies [illegible], of SANFORD'S RADICAL CURE, are [illegible] by thousands who gratefully recommend [illegible] sufferers. No statement is made [illegible] cannot be substantiated by the [illegible] and reliable references. It is a [illegible] medicine, and worthy all confidence. [illegible] package contains a Treatise on Catarrh [illegible] directions for its use in all cases. Price $1.

An Enthusiastic Friend of Sanford's Radical Cure.

MCHATTON, GRANT & BOWEN'S FIRE AND MARINE INSURANCE AGENCY, [illegible] Street, St. Louis, Mo., Feb. 5, 1877.

[illegible], Washington Av., City.—Dear [illegible] for some years been troubled with [illegible] for the past two years have suffered [illegible]. Noticing your advertisement [illegible] REMEDY (RADICAL CURE), I decided to [illegible]. I have used only two bottles, and as a result [illegible] relieved that I presume on our per[illegible] and write this to you and ask that [illegible] measures to get it more prominently [illegible] public, that others may have such relief [illegible]. I have recommended it to quite a number [illegible], all of whom have expressed to [illegible] estimate of its value and good effects [illegible] think it particularly adapted to wants of [illegible], and they all ought to know of it, and those who need it should try it. I will risk the [illegible] that 1000 1 oz. vials (as a sample) to be [illegible] away will sell as many bottles. [illegible] plan. Let the people have it; they need [illegible] believe I could sell 5000 bottles myself—of [illegible] could largely increase this number. Why not try it? Yours truly, WM. BOWEN.

Sold by all Wholesale and Retail Druggists and Dealers in Medicine throughout the United States and Canadas. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

LAME BACK AND RHEUMATISM CURED BY COLLINS' VOLTAIC PLASTERS

Messrs. Weeks & Potter: Gentlemen,—One year [illegible] I was seized with a severe attack of Rheumatism in my right hip, to which I was subject. I tried the various liniments and rheumatic cures, but without the least benefit, when my son, a druggist, suggested one of your COLLINS' VOLTAIC PLASTERS. The effect was almost magical, for, to my grateful [illegible] I was almost immediately well again, and was able to work upon my farm as usual, whereas, before the application of the Plaster, I could do nothing, and every step gave me pain. A few weeks since, one year from the first attack, the disease returned, but I am happy to say the second Plaster proved as efficacious as the first, and I am now well. My wife wishes me to add that one Plaster has cured her of a very lame back. We think there is nothing in the world of remedies that can compare with the COLLINS' VOLTAIC PLASTERS for Rheumatism [illegible] Lame Back, and cheerfully recommend [illegible] suffering. Yours very respectfully, [illegible], Me., June 6, 1878. ROBERT COTTON.

NOT A QUACK NOSTRUM.

Gentlemen, I hereby certify that for several years past I have used the VOLTAIC PLASTERS in [illegible], and have never known them to fail in [illegible]. They are not a quack nostrum, but a remedial agent of great value. Very truly yours, W. [illegible] COLLINS, M. D. [illegible], Me., May 27, 1877.

PRICE 25 CENTS.

Be careful to obtain COLLINS' VOLTAIC PLASTERS, [illegible] Electric and Voltaic Plates, with [illegible] Medicated Plaster, as seen in the above cut. Sold by all Wholesale and Retail Druggists throughout the United States and Canadas, and by [illegible], Boston, Mass.

WORKINGMEN'S PLATFORM.

RESOLVED, 1st. That self-preservation is the first law of nature, the principle applies to governments as to individuals.

2d. That the existence of the Chinese in the United States is detrimental and injurious to the present and future welfare of our country, and therefore the people demand the abrogation of that part of the Burlingame treaty permitting immigration of the Chinese.

3d. That the Chinese be taxed a per capita tax of one hundred dollars per annum for the purpose of creating a sinking fund to prosecute and defend Chinese suits at law.

4th. That no Chinese shall be employed for wages upon any public works, and that no Chinaman shall be employed by any public officer in, around or upon any public building.

5th. That the Workingmen's party is unqualifiedly opposed to all land monopoly.

6th. That the Government subsidies of land to any corporate bodies, associations or individuals, is wrong in principle and injurious and detrimental to the future growth and prosperity of our country. That all Government land should be held in trust for the actual settler.

7th. That all State and Government work should be done by the day.

8th. That the Central Pacific Railroad was built with Government aid, therefore a law should be passed to the effect that no discrimination shall be made in freight or fares for or against any town through which it may pass.

9th. That all lands or property, whether belonging to railroad or other corporate bodies, to associations or individuals, whether improved or otherwise shall be assessed at full cash value, and all unimproved lands shall be assessed at the same rate of taxation as adjoining improved lands.

10th. That all Government bonds be taxed for their full cash value the same as other property.

11th. That gold, silver and currency of the United States shall be a legal tender for all taxes and dues, both public and private, and for Government, State and corporate bodies. Special contract laws affecting the legal tender of gold, silver or currency must be abolished.

12th. That the President and Vice President of the United States be elected by a direct vote of the people.

13th. That all salaries and fees of the State and County officers shall be so equalized as to conform to the best interests of the people.

14th. That the Workingmen's party will not support for office any candidate who will not publicly and unqualifiedly pledge himself to support the Bullion Tax law as it now stands.

15th. That in all nominations the Jeffersonian principle "Is he honest? Is he capable?" shall be a criterion by which to be guided, and that all candidates shall be of good moral character and standing.

16th. That all nominations of the party shall be made with open doors but that no persons other than members of the party shall have any voice in the proceedings thereof.

17th. That the United States Congress and the Legislature of Nevada should pass laws making peculation, stealing or malfeasance in office by any officer, appointed or elected, an unpardonable crime.

18th. That all legislation should be for the equal protection of Labor and Capital. All laws giving special privileges and powers to Banking or Railroad corporations or other monopolies in their nature or effect injurious to the interest of the workingmen, should be repealed.

19th. That Railroads, Canals and Mines are public works and that Chinamen should by law be prohibited from working on them.

BIDS WANTED.

DAILY NEVADA STATE JOURNAL

G. POWNING, EDITOR AND PROPRIETOR

SATURDAY.....AUGUST 31, 1878

THE DAILY JOURNAL

Is the best daily paper published on the line of the Central Pacific Railroad, east of Sacramento, and having a general circulation throughout the State, it is especially valuable as an advertising medium.

THE DAILY AND WEEKLY JOURNAL

Have a combined circulation larger than that of any interior journal of Nevada, excepting those of the Comstock.

NEWS OF THE MORNING.

The requisition of the Governor of South Carolina upon the Governor of Massachusetts for the surrender of the person of Hiram Kempton has been refused by Governor Rice.

Raroul Duval, Pere, elected Senator by the Bonapartists from Gironde, has resigned. He shows Republican leanings.

The Carnival of Death still continues down South. Seventy deaths occurred Thursday. Liberal contributions are being sent in from every quarter.

The general peace of Europe is considered secure.

The Monetary Congress accomplished nothing, but the United States made a great impression.

Workingmen's Meeting at Franktown.

FRANKTOWN, Aug. 30, 1878.

EDITOR JOURNAL:—With pleasure we were an attendant at the meeting in Franktown Hall of the Workingman's party addressed by two of your most prominent citizens — Messrs. Leeper and Johnson. For a small inland town like our dilapidated little village (though we are all alive), the hall was well filled. Both gentlemen acquitted themselves admirably; if not so eloquent as our Websters and Clays, spoke to the point, and oftentimes received the full applause of the house. Mr. Wm. Carriker, our present Road Supervisor, made some very appropriate remarks and signed as one of the members. Judge Owens, Chairman of the meeting, spoke for a few minutes, also ex-Senator Wm. Thompson. All passed off quietly and pleasantly. There were only five present who signed as members, but from the existing feeling which was prominent, you could easily perceive that sympathy was in favor of the Workingmen. If they, as proposed, carry out the resolutions adopted in their platform, nothing can prevent their success. We are no Republican, no Democrat, no Workingman, but ballot for the man whom we think the most capable and qualified to fill any position to which he may aspire, and if the platform adopted by the Workingmen is fully carried out they will receive many votes from this section of the county. Mr. Maurice May, of the Franktown Hotel, received both gentlemen most courteously and made them as comfortable as possible. "All's well that ends well." X.

A PAYING BUSINESS.—A Chicago bar-tender received notice the other day of the death of his aunt in Kansas, who left him a fortune of $75,000. He has taken a week's leave, and intends to return to his old work as soon as the funeral is over and the property has been secured. Which seems to confirm this popular belief as to the lucrative nature of such a situation.

A child four years of age wandered off from its parents and was finally found near the Independence mountains, Nevada, twenty-five miles from where he started. He had traveled four days during intensely hot weather, and was a maniac when found, but recovered rapidly.

In 1876, wolves in the Russian province of Samara devoured 5,880 horses and horned cattle, 56,000 small cattle, 22,000 domestic fowls, and 1,000 dogs. In 1877 their ravages were even greater, and the loss in the two years is estimated at $600,000.

A million and a quarter of Roman Catholics in the Netherlands formed "Old Paper" Society, and devote to the Pope the proceeds as the waste paper they sell each year. Last year the sum thus obtained was over five thousand dollars.

Everybody who has been at Brussels has visited its beautiful botanical gardens. They are principally the result of the labors of M. du Mosher, who died last month. He was a Minister of State as well as the first botanist in Belgium

NON-DIVIDEND MINES.

An Eastern exchange, the New York *Mining Record*, asks the reason, from the Austin *Reveille* and Tybo *Sun*, why the Manhattan and Tybo Consolidated mines are not paying dividends, and the query is one that many people on this Coast would like to have answered. The local papers are always giving glowing accounts concerning these mines; declare they were "never looking better," and the "ore output is as rich and as large" as could be wished for; the "furnaces are working handsomly and profitably," etc. Last year the bullion product of the Tybo was reported at $827,600, and already for the half year ended 30th of June, the production footed up $497,750, which will give at least $995,500 for the year 1878. The Manhattan has been a steady, large producer of bullion for at least nineteen months. Last year, for example, it turned out $995,490 exclusive of the months of June and July, during which, apparently, no bullion was produced. For the half of this year ending with June, we note that the production amounted to $560,800, at which rate the out put of 1878 will reach $1,120,000. We, ourselves, have often wondered what has been done with all the money, and why outside stockholders have not been permitted to enjoy some of the benefits. Can it be that the current expenses of working the mines eats up all the yield. The *Reveille* and *Sun* have it in their power to render the public a good service by giving specific information on the points raised.

BANK COMMISSIONESS.

The other day there was a "run" on the Clay Street Savings Bank of San Francisco, and for two days depositors were on the "ragged edge." There has been so many bank failures of late that the people have become, to a great extent, distrustful of institutions which they had the slightest idea were not well managed. The last California Legislature wisely passed a law organizing a Board of Bank Commissioners. The Clay Street Bank enforced their rules; and the Bank Commissioners, in discharge of their duty, made a thorough examination of the bank's affairs, and have reported that it is in a perfectly solvent condition, and recommending it to the confidence of the public. The "run" soon ended but had it not been for the Commissioners, confidence could not have been restored, and eventually that bank would have been compelled to wind up its affairs and retire from business. In this case both the general public and the bank was protected. Our idea in calling attention to this is that our next Legislature may follow the example of California. The banks of this State should be compelled as in California, to publish semi-annual statements of their assets and liabilities, so that depositors can judge how honestly their money is managed. A Board of Bank Commissioners should be appointed, clothed with proper authority to investigate, to compel all banking institutions to repair their capital if impaired, and to have general supervsion of all that may be of benefit to the public in this respect.

THE STATE PRINTING.

The Legislature ought never to have abolished the office of State Printer. What should have been done was to reduce the fees about 40 per cent., and one of the first duties of the coming Legislature is to re-establish the office of State Printer, and fix the fees at such figures as will permit of a reasonable compensation. There is no question but what Crocker & Co., or Bacon, or Bancroft, or some other large firm of San Francisco, will secure the contract of doing the State work for the next few years. Our printing goes to California, our insane are kept there, and thus we are taking away from our own citizens $100,000 annually. If this is the policy we intend to pursue, if we are to continue to pay taxes for the benefit of other people, we might as well at once do away with a State Government, and apply for annexation to California.

The loss of the German ironclad Grosser Kurfurst has had a disastrous effect upon the fisheries at Folkstone. Many of the bodies picked up have been found to be sadly mutilated by the fish, and so the inhabitants generally have declined to take any part in "eating the Germans," as the put it.

It is mentioned in English Post Office statistics as a matter of notoriety "that the great majority of complaints reaching the head office take their rise with clergymen."

STATE PRISON STATISTICS.

Mr. F. B. Sanborn, of Boston, has been collecting some interesting facts relative to crime and criminals in the United States. The total number this year is twice as great as in 1872, the relative figures being 31,619 to 16,012. The greatest increase is in Georgia, Tennessee and several of the Western States. The whole number of persons in prison as convicts, or awaiting trial, is 60,000 of whom less than one-sixth are women. About 10,000 of the whole number are in New York and 4,200 in Massachusetts, where the proportion of prisoners to population is greater than in any other part of the country. In the Southern States the State Prisons are generally made self-supporting by the labor of the convicts, who are leased to contractors, who may employ them anywhere in the State. In Arkansas the contractor pays nothing—only supports the prisoners. In Tennessee, Georgia and Mississippi, stated sums are given per head for each convict.

Mr. Sanborn arrives at this result: "The general result of the labor of convicts in the State prisons of thirty-seven States, falls $4,250,000 short of the earnings requisite to support the 20,000 convicts in those prisons last year. That sum, divided among an average of 20,000 State prisoners, gives an average cost of something more than $43 a year for each convict. If we add in the sum paid for the support of short-sentenced prisoners in jails, the total cost of 60,000 persons in prison throughout the year 1877 would probably exceed $5,000,000, or something more than $50 a year for each prisoner."

THE NEW RAILROAD BRANCH.

The new Air Line and Tide Level Branch of the Central Pacific Railroad, between Oakland and Sacramento, will be started into operation about the 1st of September. This route leaves the Western Division at Tracey, a new station located about half-way between Ellis and Bantas; thence it runs to Martinez, and follows the edge of San Pablo and San Francisco Bays to Oakland wharf. The Sacramento *Bee* says of it:

Ellis station will be abandoned after Sunday, September 1st, and all the buildings at that point are to be moved up to Tracey. The new route is no longer than the old one, by way of Altamont, Pleasanton and Livermore, but is through a level country, consequently one engine will be able to do the work which required two on the old route, and much better time will be made—so much better, it is expected, that the passengers by the eastern bound express train will take dinner in Sacramento about 12:30 P. M., instead of arriving here at 2:40 P. M., as at present. The railroad company are also constructing another branch road to leave the California Pacific at Fairfield and run thence to Benecia, at which point it will be connected by ferry with the first mentioned route, and run to Oakland from Martinez. It is also said that after the completion of the branch from Fairfield the overland trains going east and west will be run over the California Pacific road from here to Fairfield, and thence to Oakland, via Benicia and Martinez. These improvements will have the effect of shortening the overland trip several hours and will afford travelers an opportunity of traversing through a fine agricultural country and also taking a trip along the bay shores.

Good News from Tuscarora.

The Elko *Independent* of the 28th has the following encouraging notes:

S. L. Wines returned from Tuscarora yesterday. He brings highly encouraging news from the northern El Dorado. The Superintendent of the Grand Prize informed Mr. Wines that the Independence Company will commence crushing their ore on the Grand Prize twenty stamp mill on the first day the Navajo Company will commence crushing Navajo ore at the Independence ten stamp mill. The timbers for a substantial hoisting works for the Revenue mine, are being framed and the works will soon be in running order. The Grand Prize pump in the new shaft is working finely—making seven strokes per minute. All the leading mines in the district are looking better than ever before, and all Tuscarora is buoyant and hopeful.

ANOTHER RICHMOND.—The Elko *Independent* says: It is pretty loudly rumored that Major John H Dennis, the versatile editor of the Tuscarora *Times-Review* intends to stand in before the Democratic Convention for nomination to one or the other branch of the State Legislature. Major Dennis is not only a gentleman of ability as a journalist, but he is thoroughly posted in parliamentary proceedings; and history of Nevada, and if he should be nominated and elected to either House, he will be a credit to the Democratic party and a valuable acquisition to the law making force of the State.

Eureka Pot hunters—More Danger to the Fishes.

The Elko *Independent* is doing a good work in exposing and calling particular attention to the manner in which the game and fish laws of the State are violated. We copy the subjoined articles from late issues of that journal:

In view of the fact that enterprising citizens of Elko, aided by the State Fish Commissioner, are making arrangements to stock our streams with wholsome food fishes from other countries, it is deeply mortifying to know that selfish men in our own vicinity are at this moment doing all in their power to thwart the contemplated enterprise. We have already called attention to the fact that lawless pot-hunters, for the sake of gaining a few paltry dollars, are rapidly decemating the native fishes of the Humboldt and other streams in this region, by the use of wire straps and giant powder, To make this work of wholesale ruin more complete and to render the propagation of the finny tribes utterly impossible in our waters, we now learn from credible authority, that certain ranch owners in this county are actively engaged in constructing dams at several points along the Humboldt for the purpose of turning the stream from its original channel. These dams are being constructed of alternating layers of willow brush so arranged that the smallest minnow cannot pass through or over the impenetrable barrier. The result of this damming process will be the complete distruction of all the fishes below the constructions, and will, for all time, prevent the free migration of the fry to their accustomed spawning grounds. Thus it will be seen that a few careless and improvident citizens may deprive whole communities of a valuable food supply and commit with impunity, an open violation of statutory law.

We do not desire to speak harshly, nor inconsiderately of any of our neighbors, nor do we mean to throw obstacles in the way of legitimate ranch irrigation; but we do affirm that it is ungenerous and outrageous to deliberately destroy the fish life of the State by processes such as we have enumerated. The laws for the protection of game and fish in Nevada are ample for the purpose, if they can be properly applied, and we earnestly hope that the citizens of Elko and neighboring towns may immediately form game-protective clubs whose duty it shall be to see that the laws are adequately enforced.

Some years since, an enterprising citizen of Elko expended several hundred dollars of his own money, in importing large numbers of Eastern and California quail for the laudable purpose of stocking the valleys of eastern Elko county with those splendid game-birds. The effort was crowned with encouraging success and the birds began to multiply with surpassing rapidity and every lover of field sport in this locality was delighted with the prospect of a bountiful supply of feathered game. Presently the pot hunters of Eureka came down like wolves on the fold and quickly bagged every quail in Elko county. We now learn from gentlemen just returned from a hunting tour in the South Fork hills, that the Eureka pot-hunters are raiding upon the deer in that region and are literally decemating the entire deer family without regard to age, condition, or sex. On Saturday last the Eureka gang had secured five En- and were still on the war path. Will not the law abiding citizens of Eureka assist us in protecting the game and in bringing the vandal pot-hunters to justice.

OREGON POLITICAL INTELLIGENCE.

A dispatch from Portland, under date of the 28th, has the annexed information of interest:

The State Legislature will convene at Salem on September 9, and much public interest is being awakened, owing to the near approach of the meeting of that body, the Senatorial question being generally discussed and the absorbing topic of interest. Among the most prominent candidates mentioned in connection with the United States Senatorship are R. S. Strahan of Linn county, J. H. Slater of Union, J. C. Lawthorn of Multnomah, L. T. McArthur of Wasco, J. S. Smith of Multnomah, J. W. Nesmith of Polk, and Asabel Bush of Marion. The Legislature stands thus: Republicans, 35; Democrats, 51; Independents, 4. The Democrats being divided in opinion, no idea can be formed as to who will be the nominee. Slater is the most prominent man spoken of from Eastern Oregon, and no doubt will have more strength in the caucus than any other candidate on the ground of locality. Governor Chadwick is prominently mentioned, but will stand a slender chance on account of the division in the Democratic ranks growing out of certain alleged abuses in the administration of the State Government.

In England the bicycle business is assuming large dimensions. There are 130 makers, a million pounds are invested in the business, and sixty thousand bicycles are in existence in London and the provinces.

The Sierra Nevada.

YESTERDAY, the 30th, was the regular day for visitors to inspect the Comstock mines, and Geo. D. Roberts, Archie Borland, A. E. Head and other leading "experts" were on hand. Their observations in the Sierra Nevada resulted as follows: The bottom of the winze is 460 feet below the 1,750 level, in ore that assays $90. The 2,200 level will be opened in three or four weeks, when will be determined the width of the ore body. If the west wall has not changed the vein will show a formidable width at that point. All agree that it is a splendid prospect with the strongest indications of proving a veritable bonanza.

Stocks.

THE stock market was quite sick yesterday, all of the leading favorites receding from one to ten dollars After the afternoon board Sierra Nevada was 57, Union 38, Mexican 30, Julia 8, and the others in like proportion. Alta is about the only stock that has held its own during the break.

Large Exhibits.

Col. Younger, of San Jose, writes up for sixteen stalls to be reserved for him, and says he will be here with his fine blooded stock, and make a better exhibit than he did last year. Col. Younger, it will be remembered, carried off the grand gold medal at our last Fair.

Bowen Bros., of yeast powder fame, will probably make the same kind of an exhibit at our Fair, as they have at the Mechanics' Institute, San Francisco, It is a splendid one. They also give away a $550 Steinway piano, after the lottery plan, to those buying Bowen's yeast powder. They have already offered a premium of $50 for the best biscuit made from their powder by any young lady.

During a recent visit to San Francisco we saw and conversed with many of the largest exhibitors at the Mechanics' Institute Fair, and several assured us they would come to the Reno Fair.

Insurance Combination.

The agents here of the various Insurance Companies have received notice that all the companies, except the Transatlantic, have become members of the Board of Underwriters, and that the rates of the old Board companies will hereafter be enforced, though the non Board companies have been granted the privilege of issuing renewals for one year at the former rates. All of which goes to show that competition is impossible where combination is practicable.

Failure.

The creditors of Mr. Jas. Toombs have forced him to the wall, and his place of business has been closed and placed in the hands of a Receiver. We sincerely hope Mr. Toombs may be able to make satisfactory arrangements with his creditors so that he can resume. During his residence in this town he has made many friends, by reason of his honesty and straightforwardness, and they deeply regret to learn of the unfortunate situation of his business affairs.

Pretty Ride.

The Carson *Tribune* declares that the ride from Carson to Reno is most beautiful at this time. The vegetation is in excellent condition; the glorious green of the growing alfalfa is sweet to look upon. The fruit trees at the various ranches are overladen with nearly ripe fruit, and flowers mingle with the shade trees, making the trip among them a lovely one.

Made His Pile.

O. R. Johnson, formerly Superintendent of the Wells-Fargo mine, who went to Bodie last Spring, has made between $300,000 and $400,000 in Bodie and Blackhawk stocks. Johnson will be remembered as the gentleman who was going to build a narrow gauge from Reno to Virginia. He has money enough now, but we don't think he will build the road.

Caucasians.

A Lodge known as the Order of Caucasians was organized, so we are informed, in this place on Thursday night. A Lodge of the same kind was instituted here two years ago, if we are not mistaken, but it existed only a short time.

GREAT complaint is made because of the Chinese stench passers by on lower Virginia street must endure. The nuisance should be abated. Someone ought to complain and see what the law means on that subject.

A PLEASANT surprise party was given Miss Alice Higgins, on Thursday evening. Miss Alice is one of Reno's favorite belles. Of course, the party was a complete success in every sense of the word.

THREE sleepers were attached to the down lightning last night. The two extra ones were taken from here, to accommodate the Virginia travel. Pretty lively travel we should say.

GOV. BRADLEY came down night before last and continued on to the East. The old gentleman is kept very busy "swingin' 'round the circle."

MR. CAIN announces himself a candidate for re-election as District Attorney. He will submit his claims to the Republican Convention.

CHAS. Queen has applied for admission to practice in the Supreme Court. We hope his petition will not be denied.

WORK on the Sherman mine, at Pyramid, will be resumed in a few days.

BODIE pays that extra $5 dividend to day.

Annual Statistician.

This valuable work for 1878, compiled by John P. Mains and published by L. P. McCarty, 604 Commercial street, San Francisco, is now being delivered in Reno by the publisher in person. It includes all the matter of former issues of the *Statistician*, revised to the latest day possible previous to issuance. It would take a page of the JOURNAL to tell what the book contains. A very few of the most important things only can therefore be mentioned. It gives the area, population, chief mountains, rivers, seas, lakes, forms of governments, revenue, expenditures and debts of the principal countries of the world; also the genealogy, date of birth, accession title and date of death of past and present rulers of the countries of the world; the latitude, longitude, population and geographical position of cities; a chronology of the principal historical events of the world for nearly 5,000 years (a most valuable collection); an epitomized history of the United States from the early colonial governments to the present time; a variety of this kind of information occupying 178 pages of the work, and including Presidential elections in each State, comparisons of area, elevation, position and size of all divisions of the world; descriptions of weights and measures, including the metric system, with extended tables; tables for general and mechanical information; definitions, propositions and formulas in mensuration, each revised and extended especially for the work; descriptive list of noted inventions, etc.; quick passages of vessels, records of the turf, anniversary events, lists of railroads, distances, rates of fare; yield of metals of the coast and of Nevada, assessments, dividends, prices of stocks, etc., of our mines—so much, in fact, that everybody wants the book, for it answers a thousand questions asked every day. It is splendidly bound, well indexed, contains 588 pages of closely-printed matter, and only costs $4.

SANDERS & NEALE have placed a swing up on the lot in the rear of the Odd Fellows Hall, and it furnishes as much pleasure to the old boys as flying horses do to little children.

THE telegraphers throughout the Union are making up a fund to send to the relief of their brother operators in the South. The Reno boys will contribute their mite.

THE Workingmen meet as usual this evening. Workingman White is to be one of the principal speakers.

NEXT Monday will be "steamer day." Are you prepared?

THE weather is very pleasant, except a trifle too warm.

The island of Cyprus at one time contained nine different kingdoms, and more than a million inhabitants. Owing to the alleged peculiar temperament of its people, it was called "the home of love and beauty."

MIDDLE-AGED MEN,

There are many at the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weaking of the system in a manner the patient cannot account for. On examing the urinary deposits a ropy sediment will often be found and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men die of this difficulty ignorant of the cause, which is the second stage of seminal weakness. Dr S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

WASHOE COUNTY

REPUBLICAN CENTRAL COMMITTEE.

At a meeting of the Washoe County Republican Central Committee, held at Reno, August 19, 1878, the following business was transacted:

Resolved, That a Republican County Convention to nominate

1 Senator,
3 Assemblymen,
1 Sheriff,
1 Clerk,
1 Assessor,
1 Recorder,
1 Treasurer,
1 District Attorney,
1 County Surveyor,
1 Public Administrator,
1 County School Superintendent,
1 County Commissioner, (long term),
1 County Commissioner, (short term),

Justices of the Peace, Constables, Road Supervisors and School Trustees for the various precincts, be, and the same is hereby called, to meet at the Academy of Music, Reno, at 10 A. M. on Saturday, September 28th, 1878.

Resolved, That on

Tuesday, September 10th 1878,

Primaries shall be held throughout the county, from 1 P. M. to 6 P. M., for the purpose of electing at large thirteen delegates to attend the Republican State Convention to be held in Eureka, September 18th, 1878, said delegates being hereby authorized to act in a judicial capacity in the nomination of a candidate for Judge of the 2d Judicial District; also for the election of delegates to the County Convention according to the apportionment made by this Committee.

Resolved, That the following shall be the apportionment of delegates to the County Convention:

Reno	23
Glendale	2
Wadsworth	6
Browns	4
Verdi	3
Peavine	1
Pyramid	2
Washoe	2
Franktown	3
Mill (Mackay-Fair Camp)	3
Duck Flat	1

Resolved, That the following be and are hereby appointed Inspectors and Judges of Primary Elections for the various Precincts:

Reno—Dr. F. Hutchins, M. T. Coats.
Glendale—H M. Frost, Louis Dean.
Wadsworth—Wm. McPherson, J. W. Holbrook.
Browns—J. C Haynes. W. F Everett.
Verdi—J. F Condon, S. A. Hamlin.
